

November & December 2018

## Let's Get Started!

By now our class seems to be feeling very comfortable with our school routine. These next two months, we will be focusing more on letters, numbers, shapes, and colors. We will begin this by starting with the basics. We will practice recognizing & writing our names, identify letters, numbers, and shapes! We will be centering our learning around the book "Chicka Chicka Boom Boom", by Bill Martin, Jr. and John Archambault, illustrated by Lois Ehlert.

Art projects this month: color wheels, "Elmer" elephants, marbleizing paper using watercolors and shaving cream, and doing a variety of color experiments!

## Homework:

Please create a collage of numbers OR letters OR shapes OR colors. I prefer that you do not mix a jumble of all options. If you could stick to choosing only one of these four subjects it will help us to learn the difference between letters and numbers etc. Please use a letter size sheet of paper as I am going to collect these projects and place them in binders for you to keep at the conclusion of our school year!
